

STOP

the madness!

Support Nanaimo Seniors Village health care staff.

By using Gordon Campbell's union-busting legislation, Bill 29, health care staff at Nanaimo Seniors Village have lost their jobs to contracting out – not once, not twice, but three times!

By anyone's standards this is total madness.

Our community deserves better. Our seniors deserve better. And so do the workers who provide their care.

It's time to stop the madness that puts corporate profits ahead of quality care.
