

CUPE Cares!

In support of H.E.U.

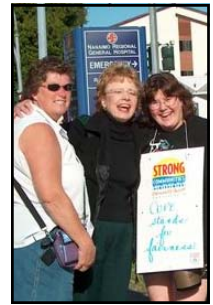

President's Message

A greeting to each of you as the school year comes to an end. My comments will be brief as you all have received recent correspondence on all of the challenges we are facing.

This year, CUPE Local 606 members have "walked worthy" in every situation. We have never been so collective or positive in our actions. CUPE's leadership profile in our community, with our employer, and the labour movement province-wide, demonstrated we care about the well-being of others. Our actions have and will display our commitment to each other and our families.

Wishing you a well deserved vacation. It is my honour to serve as your President.

Marlene Crozier
President of CUPE Local 606

"Man's capacity for justice makes democracy possible, but man's inclination to injustice makes democracy necessary."

Heart & Stroke Bike For Life

May 28th at Woodgrove Centre

SD#68 Administration entered a team for the first time this year, to raise money for this very worthwhile cause. Although only 19 people participated (bike is a 30-seater), we collected over \$1,650.00 and had a great time. Next year, let's get some of our management team out pedaling too!

Participating from SD68 were JoAnn Ryan (team captain), Diane O'Brien, Susan Ward, John Ward, Holly Robertshaw, Laura Hague, Maria Bloedorn., Kathy Cruz, Jennifer Elgie, Cindy Williams, and Helen Lunney.

Did You Know?

Jan Leroux and Karen Birch are the "first" CUPE instructors in BC to deliver the new BC Education Assistants "In-Service Program".

These two workshop modules have been developed by TA's and EA's across BC. Karen Birch is a valued participant on the CUPE BC TA/EA Task Force. Jan Leroux is your secretary of the Executive Board.

CUPE Local 606 members in the forefront working tirelessly to ensure special needs services for you and the students are delivered in a professional manner that is productive for the students and the caregivers.
