

AN ANALYSIS OF NEW YORK'S ESSA PLAN

This dashboard analyzes New York's plan under the Every Student Succeeds Act (ESSA), specifically its commitment to equity and excellence and its compliance with the law. This analysis is not all-encompassing but rather focuses on the indicators most essential for advancing equitable educational opportunities for all students. New York submitted its plan on September 18, 2017, and the U.S. Department of Education approved it on January 15, 2018. Full text is available at <https://www2.ed.gov/admins/lead/account/stateplan17/nyconsolidatedstateplanfinal.pdf>. View ESSA equity dashboards for other states at www.all4ed.org/essa.

ESSA EQUITY DASHBOARD

NEW YORK

LONG-TERM GOALS

Academic Achievement

 Does not set goals for percentage of students proficient; uses performance index with long-term "end goal" of all students and student subgroups achieving an index score of 200 (indicating average proficiency); updates timelines annually

Academic Achievement by Student Subgroup

 Same goal of closing gap by 20% between performance index score of 200 ("end goal") and baseline index score by 2022

4-Year Cohort High School Graduation Rate

 83.3% of students graduating by 2022

Extended-Year Cohort High School Graduation Rate

 5-year cohort graduation rate goal of 85.6%
6-year cohort graduation rate goal of 86.6%

English Language Proficiency

 Accounts for students' initial proficiency level in setting student goals with maximum of 5 years to attain proficiency

SUPPORT AND INTERVENTION

Definition of "Consistently Underperforming" Used to Identify Schools for Targeted Support

 Definition identifies schools among the lowest 5% of schools for each subgroup for 2 consecutive years across all indicators

High School Graduation Rate Used to Identify Schools for Comprehensive Support

 Identifies high schools that have 4-year cohort graduation rate below 67% and do not have 5- or 6-year cohort graduation rate at or above 67%; schools may appeal decision based on extenuating circumstances

! CONCERN

New York's long-term goals are complex and hard for parents and the public to understand

ACCOUNTABILITY

Disaggregation of Student Subgroups

 Disaggregates subgroups by race, ethnicity, income, English language proficiency, and disability status

N-Size

 30 students

School Quality and Student Success (SQSS) Indicator

 Chronic absenteeism, science, and progress toward goals for all schools; "college, career, and civic readiness index" (high school completion combined with success in rigorous course work and college readiness assessments as well as attainment of advanced designations, industry credentials, and other certifications) for high schools

High School Graduation Rate

 Uses unweighted average of 4-, 5-, and 6-year cohort graduation rates

Weighting of Academic Indicators

 100% weight for all grades

Testing Participation Rates

 No credit for untested students; schools with "consistent pattern" of testing fewer than 95% of students must develop a plan to address low testing rates

Inclusion of Student Subgroup Performance

 Uses a set of decision rules based on subgroup performance on each indicator to identify schools for targeted support; does not otherwise rate schools

NOTE

New York uses an n-size of 40 students for testing participation

! CONCERN

New York uses a "core subjects performance index" that measures only achievement of tested students as an indicator in elementary and middle schools

Note: Some indicators do not apply to some states and do not appear in the analysis included on the front of this document. The Alliance for Excellent Education set the parameters associated with the green, yellow, and red designations.

LONG-TERM GOALS

Academic Achievement

- **Green:** 75% or more of all students proficient on statewide assessments by 2030 or equivalently rigorous goal
- **Yellow:** 60–74.9% of all students proficient by 2030 or 75% or more proficient by 2031–39 or equivalently rigorous goal
- **Red:** Less rigorous goals and/or longer timeline than 2040

Academic Achievement by Student Subgroup

- **Green:** Same long-term goals for each subgroup or similarly ambitious commitment to closing achievement gaps
- **Yellow:** Less ambitious goals but requires higher rates of growth from lower-performing subgroups
- **Red:** Same or similar rates of academic growth for all subgroups

4-Year Cohort High School Graduation Rate

- **Green:** 90% or more of students graduating by 2030
- **Yellow:** 85–89.9% of students graduating by 2030 or 90% or more graduating by 2031–39
- **Red:** Less rigorous goals and/or longer timeline than 2040

Extended-Year Cohort High School Graduation Rate

- **Green:** At least 3 percentage points higher than 4-year cohort rate goal or 1 percentage point higher if 4-year cohort rate goal is at least 90%
- **Yellow:** 1–2 percentage points higher than 4-year cohort rate goal
- **Red:** Goals are the same or state does not set goals for each cohort rate

English Language Proficiency

- **Green:** Accounts for initial age/grade or proficiency level in setting student targets with maximum timeline of no more than 6 years to achieve proficiency
- **Yellow:** Accounts for initial age/grade or proficiency level with maximum timeline of 7 years to achieve proficiency
- **Red:** Does not account for initial age/grade or proficiency level and/or sets maximum timeline of 8 or more years to achieve proficiency

ACCOUNTABILITY

Disaggregation of Student Subgroups

- **Green:** State does not use super-subgroup or uses it only in addition to disaggregated subgroups for identifying schools for targeted support and improvement (TSI)
- **Red:** State uses super-subgroups instead of required subgroups for identifying schools for TSI

N-Size

- **Green:** N-size for accountability of 10 or fewer students
- **Yellow:** N-size for accountability of 11–25 students
- **Red:** N-size for accountability of 26 or more students

School Quality and Student Success (SQSS) Indicator

- **Green:** Research-based statewide SQSS measures that can be disaggregated by student subgroup
- **Yellow:** Inconclusive research to support SQSS measures or significant SQSS measures are in development but will be statewide and capable of disaggregation by student subgroup
- **Red:** SQSS measures lack research and/or are not statewide or capable of disaggregation by student subgroup

High School Graduation Rate Indicator

- **Green:** Exclusively uses, or gives more weight to, 4-year cohort graduation rate
- **Yellow:** Uses 4- and extended-year cohort graduation rates and weights 4-year rate equally or less than other rates
- **Red:** Does not use 4-year cohort graduation rate or uses another unlawful graduation rate calculation

Weighting of Academic Indicators

- **Green:** 75% or more weight on academic indicators including measures based on state tests, college and career readiness, and chronic absenteeism
- **Yellow:** 50–74% weight on academic indicators
- **Red:** Less than 50% weight on academic indicators

Testing Participation Rates

- **Green:** No credit for untested students or similarly rigorous consequences
- **Yellow:** Less rigorous consequences that have limited implications for accountability
- **Red:** Does not specify consequences for untested students

Inclusion of Student Subgroup Performance in School Ratings

- **Green:** Includes all ESSA subgroups in all school ratings or uses a decision rule to ensure ratings reflect ESSA student subgroups
- **Yellow:** Includes subgroups in all school ratings but does not include all ESSA subgroups or may obscure subgroup performance on school dashboards
- **Red:** Does not include all ESSA subgroups in all school ratings

SUPPORT AND INTERVENTION

Definition of “Consistently Underperforming” Used to Identify Schools for Targeted Support

- **Green:** Definition is meaningfully different from “additional targeted support” (ATS) and triggers identification based on low performance on a *subset* of indicators
- **Yellow:** Definition is meaningfully different from ATS and triggers identification based on low performance across *all* indicators
- **Red:** Definition is not meaningfully different from, or is narrower than, ATS or does not comply with ESSA

High School Graduation Rate Used to Identify Schools for Comprehensive Support

- **Green:** Uses 4-year cohort graduation rate exclusively
- **Yellow:** Uses 5-year cohort graduation rate
- **Red:** Uses 6-year (or longer) cohort graduation rate
